

The Windows Of The World

Dionne Warwick

The windows of the world
Are covered with rain
Where is the sunshine
We once knew Everybody knows:
When little children play
They need a sunny day
To grow straight and tall
Let the sun shine through The windows of the world
Are covered with rain
When will those grey skies turn to blue
Everybody knows When boys grow into men
They start to wonder when
Their country will call
Let the sun shine through The windows of the world
Are covered with rain
What is the whole world coming to?
Everybody knows When men cannot be friends
Their quarrel often ends
With some have to die
Let the sun shine through The windows of the world
Are covered with rain
There must be something
We can do
Everybody knows Whenever rain appears
Its really angel-tears
How long must they cry!
Let the sun shine through
