

DENIAL

Prong

Staying With This Life To Lead Attempting No True Test Sticking With Some Sick Ideal
While Others Sell Out Fast Need A Bit Of Flagellation Need To Scour The Depths
Can't Exercise Authority Clamped Down Controlled Will Denial, No Discipline
Refrainment Abstinence Question Convenience Consuming All Its Produce
Ingesting Some Corrupt Concept Pulling Thoughts And Conscience Confirming All Unnoticed The Fulfillment
Truly Lies
In What Must Be Suppressed Subjugating Passion Leaves Power Unprofessed
