

Reflektor

The Arcade Fire

Trapped in a prism
In a prism of light
Alone in the darkness
Darkness of white
We fell in love
Alone on a stage
In the reflective age
Entre la nuit, la nuit et l'aurore.
Entre le royaume, des vivants et des morts.
If this is heaven
I don't know what it's for
If I can't find you there
I don't care
I thought I found a way to enter
It's just a Reflektor (It's just a Reflektor)
I thought I found the connector
It's just a Reflektor (It's just a Reflektor)
The signals we send
Are deflected again
We're still connected
But are we even friends?
We fell in love when I was nineteen
And I was staring at a screen
Entre la nuit, la nuit et l'aurore.
Entre les voyants, les vivants et les morts.
If this is heaven
I need something more
Just a place to be alone
Cause you're my home???
I thought I found a way to enter
It's just a Reflektor (It's just a Reflektor)
I thought I found the connector
It's just a Reflektor (It's just a Reflektor)
It's just a reflection of a reflection
Of a reflection of a reflection
Will I see you on the other side?
We all got things to hide
It's just a reflection of a reflection
Of a reflection of a reflection
Will I see you on the other side?
We all got things to hide
Alright, let's go back
Our song escapes
On neon silver discs
Our love is plastic
We'll break it to bits
I want to break free
But will they break me?
Down, down, down
Don't mess around
I thought I found a way to enter
It's just a Reflektor (It's just a Reflektor)
I thought I found the connector
It's just a Reflektor (It's just a Reflektor)
Thought you would bring me to the resurrector
Turns out it was just a Reflektor (It's just a Reflektor)

Thought you would bring to me the ressurector
Turns out it was just a Reflektor (It's just a Reflektor)
Thought you would bring to me the ressurector
Turns out it was just a Reflektor (It's just a Reflektor)It's a Reflektor
It's just a Reflektor
Just a ReflektorWill I see you on the other side?It's just a ReflektorWill I see you on the other side?
We all got things to hideIt's just a ReflektorWill I see you on the other side?
