Never Had A Girl Like Me

Nivea

I am the type of girl
You've only dreamt about
Sweetly sincere my feelings
Beauty inside and out
My style is having fun
Never come second to none
Heads turn when I pass by
But too bad you're not my guyYou never had a girl like me
Never will, never won't, that's just how it's gotta be
Never had a girl like me
Don't you wish that you could since it's never gonna be?
Never had a girl like me
Never will, never won't, that's just how it's gotta be
I know that you're not happy
'Cause you never had a girl like meI don't know if you
Could handle me
Willing to share my love
But not quick to give it up
I'll take you for a ride
Come and find my paradise
Don't need no other high
'Cause I'll help you free to flyYou never had a girl like me
Never will, never won', that's just how it's gotta be
Never had a girl like me
Don't you wish that you could since it's never gonna be?
Never had a girl like me
Never will, never won't, that's just how it's gotta be
I know that you're not happy
'Cause you never had a girl like meI know you would if you could
I know you want to be down
Just think about it 'cause
I know you never had a girl like me in town
I could make you mine
Why don't you see that I am not quiet
The average type of girl you like?You never had a girl like me
Never will, never won't, that's just how it's gotta be
Never had a girl like me
Don't you wish if you could since it's never gonna be?
Never had a girl like me

Never will, never won't, that's just how it's gotta be
I know that your not happy
'Cause you never had a girl like me
You never had a girl like me
Never will, never won'tNever had a girl like me
Don't you wish that you could since it's never gonna be?
Never had a girl like me
Never will, never won't, that's just how it's gotta be
I know that your not happy
'Cause you never had a girl like me
