

# Never Had A Girl Like Me

Nivea

I am the type of girl  
You've only dreamt about  
Sweetly sincere my feelings  
Beauty inside and out  
My style is having fun  
Never come second to none  
Heads turn when I pass by  
But too bad you're not my guy You never had a girl like me  
Never will, never won't, that's just how it's gotta be  
Never had a girl like me  
Don't you wish that you could since it's never gonna be?  
Never had a girl like me  
Never will, never won't, that's just how it's gotta be  
I know that you're not happy  
'Cause you never had a girl like me I don't know if you  
Could handle me  
Willing to share my love  
But not quick to give it up  
I'll take you for a ride  
Come and find my paradise  
Don't need no other high  
'Cause I'll help you free to fly You never had a girl like me  
Never will, never won't, that's just how it's gotta be  
Never had a girl like me  
Don't you wish that you could since it's never gonna be?  
Never had a girl like me  
Never will, never won't, that's just how it's gotta be  
I know that you're not happy  
'Cause you never had a girl like me I know you would if you could  
I know you want to be down  
Just think about it 'cause  
I know you never had a girl like me in town  
I could make you mine  
Why don't you see that I am not quiet  
The average type of girl you like? You never had a girl like me  
Never will, never won't, that's just how it's gotta be  
Never had a girl like me  
Don't you wish if you could since it's never gonna be?  
Never had a girl like me

Never will, never won't, that's just how it's gotta be  
I know that your not happy  
'Cause you never had a girl like me  
You never had a girl like me  
Never will, never won't Never had a girl like me  
Don't you wish that you could since it's never gonna be?  
Never had a girl like me  
Never will, never won't, that's just how it's gotta be  
I know that your not happy  
'Cause you never had a girl like me
