I dont know why I act this way, I just wanna be left alone
Im just trying to enjoy myself, enjoy myself Aww naw, who is it?

I live the fast life where ya keep ya cash tight
In broad daylight walkin wit ya flashlight Addin up what ya brought in from last night
She mad tight with mad bite is that right?
Bad lil' bitches on my tizeam, tizeam
Nigga thats the American drizeam, what? Pussy broke the president, yeah it did
And pussy made a pimp rich, yeah it did
I live like em both as I smoke on my dope
On my boat thumbin through C notes Now heres a toast to the coast
'Cuz we doin it the most, we doin it the most
Playa playa high costs
Uno dos Im 'bout to get ghost Stackin' what ya mackin' D O double G
The shit you doin is so lovely
The haters hate 'cuz they will never be
There aint no limit to this melody melody You niggas sippin' on that jealousy jealousy
I pour a tall glass of Hennessy, want some?
Do you wanna have a sip with me?
Or would you rather try and trip with me, trip with me? Put ya cups on the table and your hands in the air
And touch your brim to the side thats only if you a player
And all the ladies in this motherfucker acting up
Dont hurt nobody when you back it up 'Cuz we came here to have a good time
Me and my niggas in the sunshine, sunshine
On 3 wheels with one 9, you know
Its time to shine the world is mine, the world is mine I never ever dropped a dime, shit
Nigga might cop a dime
Never hesitate to pop a 9
And I always come up with the proper line Stick to the script bitch, Im hurtin' shit hurtin' shit
Let me show you motherfuckers what Im workin' with
Dont need no water to go with your order

And you aint got to smuggle the shit up over the border Affordable sportable unbelievable
Feasible and reasonable we leavin em low
'Cuz me and my loc keep big leaves of smoke
Gallons of Hennessy and 16 liters of coke He done drank and she done smoked
The meters are broke we put the V to the note
I brought the weed to smoke
And Dr Dre he hooked the beat up indeed it was dope Stackin' what ya mackin' D O double G
The shit you doin is so lovely
The haters hate 'cuz they will never be
There aint no limit to this melody melody You niggas sippin' on that jealousy jealousy

Do you wanna have a sip with me?
Or would you rather try and trip with me, trip with me? Put ya cups on the table and your hands in the air
And touch your brim to the side thats only if you a player
And all the ladies in this motherfucker acting up
Dont hurt nobody when you back it up 'Cuz we came here to have a good time
