

Don't Say Goodbye

Take That

Don't stay where you are not loved
Those people obscure the view
But if I've done my job
They won't wanna mess with you Finding some romances
A place where you exist
Live with your mother's smile
But see you through daddy's eyes You might lose your dignity
But it's not what it used to be And don't say goodbye to the world
Until you've loved somebody
Don't say goodbye to the world
Until you've lived like kings and queens
I'll be the first, the last thing that you see
But don't say goodbye to me Just listen to your heart
Not the voices in your head
Forget how it'd made you feel
But don't forget what was said Tears are words than we can touch
When words only say so much
Look out? what you've got
Then you'll always have enough You might lose your dignity
But look what it's done for me And don't say goodbye to the world
Until you've loved somebody
Don't say goodbye to the world
Until you've lived like kings and queens
I'll be the first, the last thing that you see
But don't say goodbye to me And don't say goodbye to the world
Until you've loved somebody
Don't say goodbye to the world
Until you've lived like kings and queens
I'll be the first, the last thing that you see
But don't say goodbye to me
