Miracles

Kaedyn Kashmir

Love me if you love me
Hate me if you must
Please just take some time out
And ï¬•nd someone to trust
Find someone to trust
Love is like a rainbow
Keeps falling down on us
Love is like a ï¬‚ower crumbling in the dust
What if we just believe in miracles
You and me letâ€™s keep on keeping on
What if we just believe in miracles
How can they help us now
Life is sweet like candy
Sometimes itâ€™s too much
Found some inspiration
Traded it for love x2
Love is like a rainbow
Love is like a rainbow
Keeps falling down on us
Love is like a ï¬‚ower crumbling in the dust
What if we just believe in miracles
You and me can we keep on keeping on
What if we just believe in miracles
How can they help me now
If you're there for me
Do you still care for me
I can't stand no more
What if we just believe in miracles
You and me can we keep on keeping on
What if we just believe in miracles
How can they help me now
What if we just believe in miracles
You and me can we keep on keeping on
What if we just believe in miracles
How can they help us now
