

# Hello, My Name Is Your TV

## Ludo

Hello, my name is Your TV  
We've been together so long  
So many memories  
We solved so many problems Situated comedies  
I fed you ads and movie stars  
And you always fell asleep  
In my color bars but there's this World outside  
Where the lighting's off  
Scenes last too long  
And you lose the plot All the girls, they lie  
And they break your heart  
And nothing's done  
When the streets go dark Here, see California  
Where pretty people dream  
And the good guy gets the girl  
By the sunny sea And when they'd yell upstairs  
You'd cry, "Little boy inside their lies"  
In the dark, I'd watch your eyes  
And I know the way they laugh The jackals feast behind your back  
Here you hide but still they stab  
In the dark, I feel you die in that World outside  
Where the lighting's off  
Scenes last too long  
And you lose the plot All the girls, they lie  
And they break your heart  
And nothing's done  
When the streets go dark Here, see California  
Where pretty people dream Now see that icy vacant lot  
Where they made your nose bleed  
The flannel spread, the heater on The world is dead, the sun is gone  
Here take my hand, I'll take you home  
You'll never have to be alone The picture's warping slowly  
The scrolling seems unending  
The snowy edges blurring  
The bars between us bending Feel you start to breathe  
You are alive inside of me  
Forever tan and strong and loved  
You'll never bleed again In dreamy California scenes  
Where bad guys meet their destiny

And the good guy gets the girl  
By the sunny sea
