

# Cherry On Top

Jake Owen

Well I love the way she dances around  
In her underwear  
She probly woke the neighbors up by now  
AWWWe But she don't care  
Oh' what a pretty face spilling her wine all over the place  
Shaking everything shes got around  
the towel coming off and her hair coming down

Shes got that look in her eye  
Shes driving me crazy, driving me crazy  
An' I can't believe she's beautifully, faithfully, hopelessly, fatefully mine

Shes prettier than all the other girls  
With no makeup on  
Shes a cupcake, Shes a milkshake, Shes coolwhip  
Cherry on top ohh but not for long  
Oh I'm a lucky guy, for the life of me I don't know why  
She loves me but I know she does cuz she shows me every time we make love

Shes got that look in her eye  
Shes driving me crazy, driving me crazy  
An' I can't believe she's beautifully, faithfully, hopelessly, fatefully mine

Shes got that look in her eye  
Shes driving me crazy, driving me crazy  
An' I can't believe she's beautifully, faithfully, hopelessly, fatefully mine

Yeah shes mine all mine  
Shes a cupcake, a milkshake, cool whip,  
Cherry on top
