

See What I Care

Datarock

If you do want to leave me just go right ahead
If you do want to leave me just go right ahead
See what I careIf you do want to kill me just go right ahead
If you do want to kill me just go right ahead
See what I careIf you do want to leave me just go right ahead
If you do want to leave me just go right ahead
See what I careIf you do want to kill me just go right ahead
If you do want to kill me just go right ahead
See what I careGo right ahead
See what I careIf you do want to leave me just go right ahead
If you do want to leave me just go right ahead
See what I careIf you do want to kill me just go right ahead
If you do want to kill me just go right ahead
See what I careGo right ahead
See what I careSay you wanna stay on Saturday
You know, oh, it's impossible
If you want to go, I'll go away, to go
I'll be running away on Saturday
Running away on Saturday
Running away on Saturday
Running away on SaturdayIf you wanna stay, I'll stay, OK
You know, oh, it's impossible
If you want to go, I'll go you know
I'll be running away on Saturday
Running away on Saturday
Running away on Saturday
Running away on Saturday
