

# Moving On

## Last Tuesday

I'm weak, we're so strong  
I've lost, we move on  
I fall, we stand up  
I spill, you fill my cup  
Now I've been away and I'm ashamed to say  
That you've been right here waiting for me  
Now I'm coming back and I'm picking up the slack  
And I wont go far, I wont go far  
I fell but we're okay, we are moving on, we're moving on today  
I fell but we're just fine, we will make it through, we'll make it through this time  
Life's short, days are so long  
No smile, theres always something wrong  
Changes, not the way I planned  
Ask why, so hard to understand
