

Werewolf Boyfriend (AKBK "DJ Command" Remix)

Fright Ranger

I don't want the kind of guy who sparkles in the sun
I want him tall dark and hairy he'll always be the one
My boy's got a secret and I know it's true
Turns freak 'n' fast and furry when the moon is full
Hey Oo What's the sound
The moon's so bright and there's blood on the ground
Oh! No Runnin' howl
My werewolf boyfriend is on the prowl
Hey You Can you hear me shout
There's fear in the air and there's blood all around
Oh No Hear my cry
A teenage werewolf is my special guy
They say he's dangerous but I know he keeps his cool
I can't wait to tell all the jealous girls at school
My boy's got a secret and I know it's true
Turns freak 'n' fast and furry when the moon is full
Hey Oo What's the sound
The moon's so bright and there's blood on the ground
Oh! No Runnin' howl
My werewolf boyfriend is on the prowl
Hey You Can you hear me shout
There's fear in the air and there's blood all around
Oh No Hear my cry
A teenage werewolf is my special guy
Special guy, my werewolf boyfriend
When things get hairy I don't have to
worry
The night's never scary when my guy's this furry
Hey Oo What's the sound
The moon's so bright and there's blood on the ground
Oh! No Runnin' howl
My werewolf boyfriend is on the prowl
Hey You Can you hear me shout
There's fear in the air and there's blood all around
Oh No Hear my cry
A teenage werewolf is my special guy
Special guy, my werewolf boyfriend
