Heart & Soul

Enterline

Before I can stand, you lifted me
Before I can walk, you ran to me
Before I could live, you died for me
No greater love than what youâ€™ve done

In my heart, I praise your name
In my soul, Iâ€™m forever changed
In my life Iâ€™m trusting you alone
In my heart, and in my soul

Beautiful, Creator, King
To know your presence, is all I seek
A nearness to you, is all I need
No greater love than what youâ€™ve done

As the brightness of your love appears
In my heart, in my soul I will not fear
Your glory shines down, disappears
In my heart, in my soul
