No Rights No Wrongs

Going through hell, while looking at heaven
Found an answer looking for a question
Not enough words to make a sentence
It's not easy to find a way
How much water to kill a fire?
How many lows can take you higher?
The only road to your desire
It won't be easy to find a wayI don't know what I believe
I won't let my eyes be deceived
The winds whispering through the trees
That is not gonna be, not gonna be easyAnd oh, no rights, no wrongs, take it from me
'Cause the answers are living indefinitely
It's time to face it, 'cause you can't change it
No rights, no wrongs, take it from me
No (Na, na, na)
Take it from me (Oh, oh, oh)
Won't you just take it from me (Na, na, na)
Oh, na, na, na, na
No rights, no wrongs take it from meHow many laughs to make me happy?
I'm counting stars, they make me lucky
How many turns 'til I find me?
It's not easy to find a way
How many lies, 'til a confession
How many prayers, lead to a blessing
How many burns, to learn a lesson
Now, it's not easy to find a wayI don't know what I believe
I won't let my eyes be deceived
The winds whispering through the trees
That is not gonna be, not gonna be easyAnd oh, no rights, no wrongs, take it from me
'Cause the answers are living indefinitely
It's time to face it, 'cause you can't change it
No rights, no wrongs, take it from me

No (Na, na, na)
Take it from me (Oh, oh, oh)
Won't you take it from me (Na, na, na)
Oh, na, na, na, na
No rights, no wrongs take it from meTalk to a stranger and take wrong turns
'Cause in this moment we will make it work
Dance with devils, and taste the burn
'Cause in this moment we will make it work
Oh, oh, no, no, yea, yea
Oh, no, no, no, noAnd oh, no rights, no wrongs, take it from me
'Cause the answers are living indefinitely
It's time to face it, 'cause you can't change it
No rights, no wrongs, take it from me
No (Na, na, na)
Take it from me (Oh, oh, oh)
Won't you take it from me (Na, na, na)
Oh, na, na, na, na
No rights, no wrongs take it from me
