

Intro

J-kwon

My mic on, my mic on
Oh oh oh my mic on
Hey y'all don't, don't you hate when
When people waste a perfect a, a good beat on a intro?
I mean yeah, yeah I, I could of bought another beat for my intro
I, I could of bought another beat for my intro
But, but fuck that

I went and spent my money on a trackboyz charm fo my chain
I went and spent my money on dubs for my rig yo
And I went and spent my money a half of pound of that good
So with no further or do I would like to introduce myself
J-Kwon and welcome to the Hood Hop album
Drum roll please
