

# Stop Drop And Roll

Tracy Lawrence

I don't know if you know what you're doin'  
But you're raisin' my temperature watchin' you movin'  
Tryin' things on takin' things off  
Lookin' hot in everything or nothin' at all I'm scratchin' my head I can't remember no more  
What you're getting all ready all dolled up for  
Got me all fired up and wantin' your kiss  
Best thing to do in a time like this... is Stop drop and roll  
Before this flame burns out of control  
Wrap up in a sheet keep it contained  
The way you're smokin' it'd sure be a shame  
Not to do what I know I should do  
I better stop drop and roll around with you  
Now babe you know I really wanna take you to town  
But i'd really hate to burn that honky tonk down  
Belt buckle rubbin' just fans the fire  
What we ought to do before it gets any higher ... is Stop drop and roll  
Before this flame burns out of control  
Wrap up in a sheet keep it contained  
The way you're smokin' it'd sure be a shame  
Not to do what I know I should do  
Stop drop and roll around with you Oh is it hot in here or girl is it just you  
Well I know what to do Lets stop and drop and roll  
Before this flame burns out of control  
Wrap up in a sheet and keep it contained  
The way you're smokin' it'd sure be a shame  
Not to  
Stop and drop and roll  
Before this flame burns out of control  
Wrap up in a sheet keep it contained  
The way you're smokin' it'd sure be a shame  
Not to do what I know I should do  
Oh I wanna stop drop and roll around with you  
Stop drop and roll  
Around with you
