No Question

Roy Ayers

It ain' no question 'bout the way ya make me feel.
Do [If] ya know the answer? [,] [L/l]et's make a deal.
It ain' no question that my love is real.
You've got the answer. I'm comin' for the "keel" [kill].
It ain' no question 'bout what I want ta do.
I've got the answer - I want -- ta be with you.It ain' no question; I know -- y're what I want.
You've got the answer, and don't -- ya say you don't.
It ain' no question - like one and one is two.
I've got the answer - it equals me and you.
It ain' no question that -- we gonna get down.
We both know the answer (it ain' no question now).
