Champion

Dan Reed Network

When my life fell apart
you were the weapon that healed my heart
Look in the mirror and love what you can't see
it all comes clear when your finally off your knees
I wanna be here with you
I wanna see this thru,
I'de like to be free
I'de love to be me inside your everything
that cures all this nothing
I wanna be next to you
I wanna be next to you
I wanna get high
breathing in your atmosphere
swallowing all your tears
lets fall in love every day
oh I wanna be your champion
and ride off into the sun
and never fade away
and live to fight another day
find another way
We are the soldiers that fight for the soul
we'll never let this vision go...
I wanna get hight...
