

# I'm Falling

## Mindless Behavior

[Intro]

I,I,I [x8]

[Verse 1]

(Ay baby) where you come from?  
(Ay baby) you snuck up behind me  
(Ay baby) we've only just begun  
(Ay baby) but I'm all and you got me  
(Ay baby) people got it all wrong  
(Ay baby) when they say love is hopeless  
(Ay baby) love is what you want  
(Ay baby) no distractions man I'm focused

[B-Section]

Hands were meant-meant to be held  
And lips were meant-meant for sweet kisses  
Hearts were meant- meant to feel love  
And you give me more than enough

[Chorus]

You make love so fun  
Maybe you're the one  
Even though we've just begun  
I'm falling  
Some say love is hard  
And I should hold my guard  
But tonight I'll give you my heart  
I'm falling  
Oh, I,I,I've fallin' in love and I can't get up  
No I,I,I've fallin' down, in love  
And I don't care who knows about it  
They can also talk about how I  
I found love

[Verse 2]

(Ay baby) I cry when I laugh  
(Ay baby) I feel so lucky  
(Ay baby) hope this feeling don't pass  
(Ay baby) and you're the drum of my heartbeat  
(Ay baby) I could do anything

(Ay baby) with you right by my side  
(Ay baby) they say love is blind  
(Ay baby) but it's also hard to find

[B-Section]

Hands were meant-meant to be held  
And lips were meant-meant for sweet kisses  
Hearts were meant-meant to feel love  
And you give me more than enough

[Chorus]

You make love so fun  
Maybe you're the one  
Even though we've just begun  
I'm falling  
Some say love is hard  
And I should hold my guard  
But tonight I'll give you my heart  
I'm falling  
Oh, I,I,I've fallin' in love and I can't get up  
No I,I,I've fallin' down, in love  
And I don't care who knows about it  
They can also talk about how I  
I found love

[Repeat Chorus]
