

# No Emotion (Cucumber Club Mix)

## Idlewild

Can you hear the words I'm trying to find  
For the feelings that define you?  
There's no point in trying to hide  
From the skeleton that surrounds youSo speak no louder than a whisper  
When we're running from winter  
So speak no louder than a song  
When we're falling all day, falling all day longIn whatever we say, we show no emotion  
We show no emotion  
When we kick back into the world of motion  
We show, we show no emotionCan you see ourselves in trying to hide  
The reasons that define you?  
If there's a point in trying to find  
If there's an emptiness inside youSo speak no louder than a whisper  
Means we're running from winter  
So speak no louder than a song  
Means we're falling all day, falling all day longIn whatever we say, we show no emotion  
We show no emotion  
When we kick back into the world of motion  
We show, we show no emotionWhatever we say, we show no emotion  
We show no emotion  
When we kick back into the world of motion  
We show, we show no emotionIn whatever we say, we show no emotion  
We show no emotion  
When we kick back into the world of motion  
We show, we show no emotionWe show, we show no emotion  
We show, we show no emotion
