

# Redheaded Girl

## Tijuana Panthers

I saw you standing there  
Waitin' in that line  
You wore your favorite dress  
You had your makeup done

You stood there all alone  
You didn't have a friend  
You know your only crime  
Was having that red hair

(all by yourself, redheaded girl)4x

You stood there all alone  
You didn't have a friend  
Don't bother making friends  
Make sure your homeworks done

You wore your favorite dress  
You had your makeup done  
You know your only crime  
Was having that red hair

(all by yourself, redheaded girl)4x
