Siege of Power

Napalm Death

Siege of power In your land Too many problems For you to understandSiege of power Inside your mind Outward restrictions To keep you in lineSiege of power In your land Too many problems For you to understandA slave of their power You never question why You're going to suffer You're going to dieSiege of power Inside your mind Outside restrictions To keep you in lineYou're a slave of their power You never question why You were made to suffer You were born to dieSiege of power They made you a tool While others were ruling You were being ruled
