

# We Gotta Talk

Jennifer Lopez

(Ooh baby, come and talk to me)  
Together we can work this out  
We gotta love thing we're talking about The way you looked at me tells me you're sorry  
You walked by me  
Whispering you love me  
When I tried to hold you tight  
You pulled away but you wanted me to stay  
Instead you ran away  
Baby, talk to me  
Let's stop playing games, don't turn away from me  
Just look me straight in the eyes  
Don't try to sweet-talk me  
With those nasty words you say  
Baby, just be real and tell me how you feel, baby (Ooh baby, come and talk to me) yeah, together  
Together we can work this out  
We gotta love thing we're talking about The way you tricked me, you know that wasn't right, ooh  
You tried to fix it but all we did was fight  
Because I gave you everything  
I had to give  
If you know it's worth the fight  
We gotta compromise, baby, talk to me  
And tell me what's wrong  
Come sit down next to me  
And let me feel the vibe you on  
Come lay your head on me  
And everything will be alright  
But we must communicate  
Tomorrow it could be too late (Ooh baby, come and talk to me)  
Together we can work this out (don't tell me, baby)  
We gotta love thing we're talking about 'Cause I love you boy  
And I need you here  
Together we can make this thing work out  
To think about  
What we could miss  
Makes me want to lose my mind  
Talk to me  
Come on, come on, come on  
Talk to me Oh  
Oh Makes me want to trade, baby

(Ooh baby, come and talk to me) (baby, talk to me baby)  
Together we can work this out  
We gotta love thing we're talking about Talk to me, baby, baby Ooh baby, come and talk to me  
Together we can work this out  
We gotta love thing we're talking about (talk to me baby, talk to me baby) Ooh baby, come and talk to me,  
together  
Together we can work this out  
We gotta love thing we're talking about (talk to me baby, talk to me baby) Talk to me baby, talk to me baby Ooh  
baby, come and talk to me  
Together we can work this out  
We gotta love thing we're talking about (I'm talking to you, talking to you, baby) Ooh baby, come and talk to me  
Together we can work this out  
We gotta love thing we're talking about (Talk to you baby, talk to you baby) Ooh baby, come and talk to me  
Together we can work this out  
We gotta love thing we're talking about
