

# Take Me in Your Army

# Julian Casablancas

Somewhere to be, something to do  
But you don't want it anymore  
I was not ready for the podium yet  
Just the stage In all my dreams, I'm waiting for ya  
And nothing has ever changed, except I can't touch you  
The best part is when I feel you  
You're just watchin' me  
Me[Chorus:]  
Take me in your army  
Take me in your army  
Take me in your army  
Take me in your army This isn't for everybody  
This is for nobody  
It took a thousand years to build  
It took me a day to destroy  
The customer is obviously  
Oblivious and wrong Take me in your army  
Take me in your army  
Take me in your army  
Take me in your army Take me in your army  
Take me in your army  
Take me in your army  
Take me in your army Take me in your army  
Take me in your army  
Take me in your army  
Take me in your army  
Take me in your army
