Electricity

Delain

I can't forget the faces
I can't forget the sounds
I can't forget, can't get the fever down
I guess imagination
It makes it come around
Whenever lightning strikes
And thunder soundsWe shared nothing
But storm, but wind
One rains wept moment stuck withinDay by day
I walk the distance alone
Walk the distance alone
Day by day
I fight the fever alone
Fight the fever aloneI can't forget the shaking
Your hands over my own
Both hot with fever
To our very bones
I do regret the feeling
That we will never know
What might have happened
Had we not let goDay by day
I walk the distance alone
Walk the distance alone
Day by day
I fight the fever alone
Fight the fever aloneI can't forget the faces
I can't forget the soundsDay by day...
