

Turn Me Loose

Bob Marley & The Wailers

Feeling so high,
I'm floating in the sky.
Feeling so high,
I'm floating in the sky. So come and turn me loose,
ain't got no time to lose.
Chasing a wild goose,
feeling groovy.
Let's make our home movie. I'll be the picture,
you can be the show.
From the screen our love will glow.
You got your love, I got mine.
Put them together and they'll work fine. Ease this pain of mine
Ease this pain of mine
Ease this pain of mine
And turn me loose. I'll be the picture,
you can be the show.
And on the screen our love will glow.
You got your love, I got mine.
Put them together and they'll work fine. Turn me loose, ain't got no time.
Chasing a wild goose.
Feeling so high, I wanna touch your sky...
