

Flirt (feat. Cameo)

Cameo

Flirt, flirt, flirt, flirt
Yeah
Oh, yeah Everyday is something new with you
Give me time and I'll know what to do
You're so frisky, love your style
Can I play with you a while? Know you much better
It's not an easy thing to do
Such a flirt, yes you are
A [Incomprehensible] style Flirt, flirt, flirt, flirt, yeah So, you like body too, you say
It looks good in the mirror when you stay
Very chic yet so unique
From yours head down to your feet We know you much better
It's not what you say or what you do
Your shapely breast gives you flesh
That seems to be your style Flirt, flirt, flirt, flirt, yeah Flirt, flirt, flirt, flirt, yeah
