

I Get By

Mike Ballz

Government man keep calling my house
Talking bout I owe, harassing my spouse
Gotta park my truck on another block
Cause the sub-prime loan got my ass in hock
Gotta couple good friends with helping hands
I need a brand new job with a health care plan
They closed the plant, they stole my job
Told me crime dont pay unless you ask the mob
So I smoke a little grass, drink a little wine
Watch a little tube, try to kill a little time
And every single day I fall a little more behind
But Im paying it no mind, itll all be fine [Chorus:]
I get by (got it good, got it good)
I barely get by (got it good, got it good)
I barely get by
I laugh not to cry
I stay a little high
I aint gonna lie
I barely get by
I laugh not to cry
I stay a little high
I aint gonna lie (got it good) Party people in the place to be
Put your hands in the sky if you barely getting by
Its on and on till the brake of dawn
Got to keep the rent paid and the power on
Yes yes yall and it never stops
I dont trust the government, I dont trust no cops
We dip and we dive and we socialize
We struggle and we strive just to stay alive
I get by (got it good, got it good)
I barely get by (got it good, got it good) When I finally get home I cant relax
Cause Ive been over worked and Ive been over taxed
My bank accounts empty, all my cards are maxed
And I ain't looking for no pity, Im just stating the facts
I voted for some change and its kinda strange
"No" its all I got in my pocket
I bought a few leds, now Im growing some trees
And its a sweet fucking hustle dont knock it
I told yall before I would break the law
To put some food in my baby girls belly
Cause the senator man took a bribe in hand
And went and shipped my job to New Delhi [Chorus:]
I get by (got it good, got it good)
I barely get by (got it good, got it good)
I barely get by

I laugh not to cry
I stay a little high
I aint gonna lie
I barely get by
I laugh not to cry
I stay a little high
I aint gonna lie (got it good) Party people in the place to be
Put your hands in the sky if you barely getting by
Its on and on till the brake of dawn
Got to keep the rent paid and the power on
Yes yes yall and it never stops
I dont trust the government
I dont trust no cops
I dip and I dive and I socialize
I struggle and I strive just to stay alive [Chorus:]
I get by (got it good, got it good)
I barely get by (got it good, got it good)
I barely get by
I laugh not to cry
I stay a little high
I aint gonna lie
I barely get by
I laugh not to cry
I stay a little high
I aint gonna lie (got it good)
