

# Friendly (feat. Curren\$y)

Wiz Khalifa

[Curren\$y Spitta]

Bout the strength of the quality

We smell

You can tell that I'm somewhere in the building

On my batman shit

Niggas suspended from the ceiling

Not really

But that's the way the weed got me feeling

?

Mami you got the vision

And I see it HD

And it couldn't be any clearer

You should be with Spitta

And you know that this your chance

Don't blow it like birthday candles

Good guy Spitta keep his name outta them scandals

It's not a secret

I prefer my girls in sneakers

Never sandals

Posing naked in only a pair of nike ?

It's bottle pop

Back to back

Extra large

Cellphone, camera's out

Mama I remember that

Anytime I look at that

I go to wondering where you at

So baby where you at

With it

And I'm just tryna hi-hit it on the friendly

And maybe we get back up in a minute [Chorus X2]

Fast cars

Fly clothes

G5 flying on the seashore

Get in

Baby I'm just tryna hit it on the friendly

So tell me if you is

Or if you isn't

Well then

Yuh[Wiz Khalifa]  
Listen  
If you with it  
Get in  
What you sippin'  
Hit it out of the park  
That's if you pitching
