Stronger Than Death

Forte

I'm comingHunt me down, seek me out, bring your best
That's how I want it to be
Full of doubt, full of fear, all's unclear
It's over 'cause now I can seeLike a tank, seething strength, crushing all
Pulling you under my treads
Lost some years, lost some days, that's okay
I piss on what's in my wayYour two-faced abusin'
Mindless confusion, resolution
(I feel I'm breathing my first breath)
Manipulation, dyin' salvation
You'll never rest
(You can't kill what's stronger than death)Your two-faced abusin'
Mindless confusion, resolution
(I feel I'm breathing my first breath)
Manipulation, dyin' salvation
You'll never rest
(You can't kill what's stronger than death)Looked inside, found myself, it was me
Waitin' there at the well
If you're green, you ain't seen, life's a game, son
Sometimes it's just hard to tellGouging eyes, breakin' bones, eatin' flesh
Puts a smile on my face
Crawlin' through glass, eatin' nails, losin' blood
It's all part of findin' your place, yeahYour two-faced abusin'
Mindless confusion, resolution
(I feel I'm breathing my first breath)
Manipulation, dyin' salvation
You'll never rest
(You can't kill what's stronger than death)Your two-faced abusin'
Mindless confusion, resolution
(I feel I'm breathing my first breath)
Manipulation, dyin' salvation
You'll never rest
You can't kill what's stronger than deathYour two-faced abusin'
Mindless confusion, resolution
(I feel I'm breathing my first breath)
Manipulation, dyin' salvation
You'll never rest
(You can't kill what's stronger than death)Your two-faced abusin'
Mindless confusion, resolution

(I feel I'm breathing my first breath)
Manipulation, dyin' salvation
You'll never rest
(You can't kill what's stronger than death)
YeahYou better believe it motherfuckers
