

# Lunatic (Feat. Dave Mustaine)

## Static-X

Motion range arpeggiate  
The decimator bend range  
Oscillate assimilate  
The agitator death cage  
Modulate the head space  
Parallel the universe  
Transpose this face  
Compress all Trip myself up  
I stand alone  
Take myself out  
I cut the throat  
Trip myself up  
Shuffle it slow  
Take myself out  
Time to reload Shift the pitch up  
Phase the noise out  
Scan the record  
Throw the bitch out
