Traitor

Tankard

Death! Kill! blood will flow
From the ones who play for money
Sold! Out! It's time to pay
You're gonna die no other wayBlind! Wake up man you've got to hits
Change! Now it's time to end this shitMake! Way! The time's at hand
To ride the world of milk metal bands
Slow! Death! The only way
A fitting end to their treacherous gameTraitor Traitor Traitor - a sonic betrayal
Traitor - it seems you've fakedYou! Think! The world adores you
With your make up and silken pants
Wake! Up! You've had a nightmare
Your record didn't sell so wellBlind! Wake up man you've got to hits
Change! Now it's time to end this shitWhat's! This? Demand declining
No more money in your pocket book
What! Now! Looks like it's over
Gonna throw your lipstick awayTraitor Traitor Traitor - a sonic betrayal
Traitor - it seems you've fakedYou sold your soul to money
Thrash! Is what we'll play
The age of truth upon us
Beer! is what we need
We've got no pity for ya
Trash! Is what we'll play
Now death's your final payment
Mosh! It's up to youTraitor. Liar! Loser!
