

# Players

## Dreamon

(Players)  
It's the seven eighty-eight  
DDT a, just like Jake The Snake  
Actually, we don't participate  
But if you do then I'ma see you at your Wake  
(Players)Don't let the drama fluctuate, I don't wanna  
I gotta, because it's snakes  
Now where would we be at, if we let you do that  
We'd probably, be laying on our backs  
(Players)Talkin' this and that you on my  
Your plan yeah, it was wack  
I never would play myself out like that  
But, um, I guess that's where you at  
(Players)  
(Then I'ma play a game for ya)What I'ma do is like, uh  
Cut out ya whole crew  
'Cause ya crew likes to bite us  
Y'all stick to freestyling  
'Cause y'all ain't no writers, trying to be some  
(Players)  
And can't play the gameSee ya, sound the same  
And ya claim to be something you ain't  
And won't be without SV  
(That's right)  
Y'all need to be smacked  
Open hands and beat by these  
(Players)I could give a fuck about this shit  
You all up in my face over some ho shit  
Just come out  
You wanna be wit my click, you must know, really  
How wild I get, when I walk in the place saying  
(Players)  
Yes, YesThere's some people who really wanna see the S  
Personally, I could give a fuck less  
Check ya lady, she's a groupie ho  
Opening her coochie hole, fuck that ho  
(Players)[Incomprehensible]  
When you front, this is for [Incomprehensible], you  
You, you, you, you, you, youYo, Yo, you wanna be some

(Players)  
And can't play this game  
Ya, sound the same  
And ya claim to be something you ain't  
And won't be without SV  
Y'all need to be smacked, open hands and beat by these  
(Players)Talkin' this and that you on my  
Your plan yeah, it was wack  
I never would play myself out like that  
But, um, I guess that's where you at  
(Players)For me to hold you up  
You think I really give a fuck  
You, you, you, you and your crew  
Y'all just some  
(Players, players, players)
