

You're a Part of Me

Jillian Edwards

all the places you will see
all the people that you'll meet
no matter what you do, you're a part of me
all the stars you wish upon
all the roads you travel along
no matter what you need, you're a part of me
I'm right behind you right on
so take it nice and stay on
there's nothing you can't be
you're a part of me
every mountain you will climb
every secret you will find
in the sky or on the sea
you're a part of me
every day you see the sun
every question you get run
every challenge that you'd been
you're a part of me
I'm right behind you right on
so take it nice and stay on
there's nothing you can't be
or if you just dream, you're a part of me
Ooooh
I'm right behind you right on
so take it nice and stay on
there's nothing you can't be
or if you just dream and I hope you dream
you're a part of me, you're a part of me
part of me
