I seek to speak the words of wisdom
I seek to speak the words of truth
So I, I reach out for the heavens
I reach out for the starsAre the answers out there?
Or do we all wait until the end?
I need a reason to care
A new light and eternal flame
All I want to know
Is are the answers out there?
Yeah, yeahI feel the need to seek perfection
I feel the want to even more
From my life
I reach out for the heavens
I reach out for the starsAre the answers out there?
Or do we all wait until the end?
I need a reason to care
A new light and eternal flame
All I want to know
Is are the answers out there?
Yeah, yeahYeah, yeah
Yeah, yeah
Yeah, yeahYeah, yeah
Yeah, yeah
Yeah, yeahAre the answers out there?
Or do we all wait until the end?
I need a reason to care
A new light and eternal flame
All I want to know
Is are the answers out there?
Yeah, yeah
