

# See Me Like This

## Stooshe

You say you love me  
But I know it's a lie  
Cause when you loved me  
My river ran dry Is someone tempting  
Someone on stand by  
I handle looks  
But never touch You are mine I thought you'd never ever ever  
Wanna see see me like this  
See see me like this no no  
Now I'm all teary'd up paranoid as ever, yup! Now put your hands up  
I'm about to shoot love  
And I'ma pray that you will give it up  
Pray that you will give it up  
You never wanna see me like this Now put your hands up  
I'm about to shoot love  
And I'ma pray that you will give it up  
Pray that you will give it up  
You never wanna see me like this Your love is sickly  
Emotional rides  
A troubled heart  
A messy mind  
That's bleeding mine That's why I thought you'd never ever ever  
Wanna see see me like this  
See see me like this no no  
Now I'm all teary'd up paranoid as ever Now put your hands up  
I'm about to shoot love  
And I'ma pray that you will give it up  
Pray that you will give it up  
You never wanna see me like this Now put your hands up  
I'm about to shoot love  
And I'ma pray that you will give it up  
Pray that you will give it up  
You never wanna see me like this If I was brave, I'd cut you off  
You don't think too fast  
You would never last  
Something drastic has to change  
I'm begging of you Now put your hands up  
And I'ma pray that you will give it up  
Pray that you will give it up

You never wanna see me like this Yeah eh eh ay

No you never wanna see me like this

You never wanna see me like this
