

God-Shaped Hole

[Audio Adrenaline](#)

All around the world, people are trying
Deserted souls try to be filled
Spirits left undone, their hearts are hollow
I can see in their eyes, hollow lives And every heart, and every soul
And everybody
Is got a God-shaped hole
Oh yeah You may have tried to fill that hole inside
With an empty hand you reached in vain
Substitutes don't work, bandages only hurt
The only thing that heals is the hand of God And every heart, and every soul
And everybody
Is got a God-shaped hole
Oh yeah Nobody's meant to be left all alone
Our lives are much too short
To have an empty soul I've got a God-shaped hole
I've got a God-shaped hole All around the world, people are trying
Deserted souls try to be filled
