

# Country Sunshine

[Dottie West](#)

You say you love me and it's inviting to go where life is more exciting  
But I was raised on country sunshine I was raised on country sunshine, green grass beneath my feet  
Running through fields of daisies, wading through the creek  
You love me and it's inviting to go where life is more exciting  
But I was raised on country sunshine I was raised on country sunshine, I'm happy with the simple things  
A Saturday night dance, a picture show and the joy that the bluebird brings  
I love you, please believe me, I wouldn't want you to ever leave me  
But I was raised on country sunshine There's just something 'bout the morning that make each day a joy to see  
The nighttime brings a peaceful feeling to rest inside of me  
I love you, please believe me, I wouldn't want you to ever leave me  
But I was raised on country sunshine
