## Evan Parker & Eddie Prevost

All you white people out there that think
You're down with America can forget it
'Cause they tax all of us, all of us, one by one
Just take a look at Leona Helm-HelmsleyTaxed her, she's white I believe
Yeah threw her butt right in jail
She ain't nothin' but another hoe, according to this system
You ain't pay your taxes hoe, get back in jail
