

Hey Ho (feat. Lil' Kim & Lil' Fate)

Ludacris

If men sleep around we some players but for women
They be sayin', "Hey, ho!", they be sayin', "Hey, ho!"
They be sayin', "Hey, ho!", they be sayin', "Hey, ho!"
They be sayin', "Hey, ho!", they be sayin', "Hey, ho!" If men sleep around we some players but for women
They be sayin', "Hey, ho!", they be sayin', "Hey, ho!"
They be sayin', "Hey, ho!", they be sayin', "Hey, ho!"
They be sayin', "Hey, ho!", they be sayin', "Hey, ho!" If men sleep around we some players but for women
They be sayin' Now I be ridin' in my Bentley coupe stuntin' with the top down
Four, twenty-four inch rims so heavy they hold the block down
Twenty-four Karat necklace so heavy it hurt my neck
Three things you cannot take away from me: money, power and respect
I got it and hold on to it, you knew that I never let it go
You prostitute it, but money, I never let it go
Speakin' of ho's, oh yes, we meet 'em and we G 'em thug
And we see 'em but we wouldn't want to be 'em thug I put my fist up, I got the power, girl
I wash my nuts off, go take a shower girl
It's been a hour girl, it's time to go
And if my neighbors see you while you walking out my door "Hey, ho!", they be sayin', "Hey, ho!"
They be sayin', "Hey, ho!", they be sayin', "Hey, ho!"
They be sayin', "Hey, ho!", they be sayin', "Hey, ho!" If men sleep around we some players but for women
They be sayin', "Hey, ho!", they be sayin', "Hey, ho!"
They be sayin', "Hey, ho!", they be sayin', "Hey, ho!"
They be sayin', "Hey, ho!", they be sayin', "Hey, ho!" If men sleep around we some players but for women
They be sayin',
Now can't nobody do it like Kim
Only women that can do it like men
VVS's be them gems
Ho, now count that M-m-money coming in
Bendin' them corners on them rims
So play the check book
Tell me, how do you bounce that? I bounce into position like I invented the Kama Sutra
But money make me come, go and ask Luda
And women cheat better than men, we don't disturb them
My motto is what they don't know won't hurt them We just doin' like you do, see, the roles done switched
If I'm a ho, then you's a ho, if I'm a bitch, you's a bitch
Know that I'mma stay rich so fellas do what you do
'Cause y'all don't fuck us, niggas, we fuck you "Hey, ho", now we sayin', "Hey, ho!"
Now we sayin', "Hey, ho!", now we sayin' "Hey, ho!"
Now we sayin', "Hey, ho!", now we sayin' "Hey, ho!" If men sleep around we some players but for women

They be sayin', "Hey, ho!", but now we sayin', "Hey, ho!"
But now we sayin', "Hey, ho!", but now we sayin', "Hey, ho!"
But now we sayin', "Hey, ho!", but now we sayin', "Hey, ho!" If men sleep around we some players but for
women
They be sayin' She likes the night lights, bright lights, big spending
Lil Fate been big pimpin', pimpin'
So don't be mad at my raps and try and look at me funny
'Cause you know that most you ladies trading sex for money So if you coming out the pocket then you might get
laid
That's how the rent, car, know the cell phone get paid
I bet the snakes all show once you cut that grass
And I'm a pimp so it's time that I exploit they ass You see, it's ho's after the party, it's ho's after the show
It's ho's up in the lobby, it's ho's out on the stroll
Here's some Nodoz, no dough, no sleep
Ho, on your feet, if you don't work, you don't eat "Hey, ho!", they be sayin', "Hey, ho!"
They be sayin', "Hey, ho!", they be sayin', "Hey, ho!"
They be sayin', "Hey, ho!", they be sayin', "Hey, ho!" If men sleep around we some players but for women
They be sayin', "Hey, ho!", they be sayin', "Hey, ho!"
They be sayin', "Hey, ho!", they be sayin', "Hey, ho!"
They be sayin', "Hey, ho!", they be sayin', "Hey, ho!" If men sleep around we some players but for women
They be sayin'
