Bruises

Garrison Starr

Sometimes i feel dead inside
Makes me wonder
Is it me, is it me, is it
I don't know what to do with myself
I don't know what to do with myself
I could lose my mind
Makes me wonder
Do you think to love means you're weak
I don't know what to do with myself
I don't know what to do with myself
Don't want you to see me like this
Don't want you to see me
I believe you still need me
I don't know what to do with myself
I don't know what to do with myself
