## **Bullion**

## **Millencolin**

Twenty one, feeling down
I tell you nothing with a thousand words
And I weaker get with every step

I'll waste my money on compact discs and staly fishI can't remember the last time I did something

That made me feel alright longer than a few hours

If I only had the strength to make some muffins

Then I swear that I would share them with you nowWell, am I odd or am I not?

That's a question, I spend time analyzing

Well, I'm so soft but still I'm not

Living up to what the people want me to be Cause I'm busy with me, myself

And I can't be understood by someone I don't know to well

So I'm shutting out the whole world just to play Nintendo

I've got these new games but I'm afraid you can't join meThese last few years, I've been struggling
And I'm tired of keeping a low profile

So now it's time to show that I'm aliveI'm gonna change my life, change my plans

Change my Vans, even start to dance now

Change my thoughts, change my socks

Change my moves, even change my pro fighter Q for youNo, it's not for you

This one's just for me Change one just for me Bullion
