Me, Myself And Time

Demi Lovato

I can make the rain stop, if I wanna
Just by my attitude
I can take my laptop, record a snapshot
And change your point of view
I just entered this brand new world
And I'm so open hearted
I know I've got a long way to go
but I'm, I'm just getting started
I'm over my head and
I know it, I know it
I'm doing my best
Not to show it, to show it
Whatever it takes to be
What I was meant to be
I'm gonna try
'Cause I'm Living the dream
And I know it, I know it
I'm trying my best
Not to blow it, to blow it
And I know everything will be fine
With me, myself, and time
And time... (7x)
I go where life takes me
but some days it makes me
Want to change my direction
Sometimes it gets lonely but I know
that it's only a matter of my perception
I just entered this brand new world
And I'm so open hearted
I know I've got a long way to go
but I'm, I'm just getting started
I'm over my head and
I know it, I know it
I'm doin' my best
Not to show it, to show it
Whatever it takes to be

What I was meant to be
I'm gonna try

'Cause I'm Living the dream
And I know it, I know it
I'm trying my best
Not to blow it, to blow it
And I know everything will be fine
With me, myself, and time
And maybe there's nothing like this moment
To just be real and let the truth be spoken
Whatever's broke I can make it unbroken
Turn the led in my hand into something golden
Just try, more love
If I just try, more love
Then I'll find myself in time
I'm over my head and
I know it, I know it
I'm doin' my best
Not to show it, to show it
Whatever it takes to be
What I was meant to be
I'm gonna try
I'm over my head and
I know it, I know it
I'm doin' my best
Not to show it, to show it
Whatever it takes to be
What I was meant to be
I'm gonna try
'Cause I'm Living the dream
And I know it, I know it
I'm trying my best
Not to blow it, to blow it
And I know everything will be fine
With me, myself, and time
(I'll find myself in time
I know I'll find myself in time)
