One True Love

Andy Joel

Im always on the run
But i think its so fun
When you're with me
My mind speeds like a train
How can i now explain?
What you do to me yea yeah

You are my one true love
You fill me
Delicate like a dove
You touch me
Feel the beat of my heart
You guide me
This songs about to start
You show me

Lord your love lifts me up
High above
You and the music are my
One true love

Your melody brings on day
But in a different way
When you free me yea yeah
My heart sings another song
Singing with you i belong
Without you i cannot breathe yea oh yeah

You are my one true love
You fill me
Delicate like a dove
You touch me
Feel the beat of my heart
You guide me
This songs about to start
You show me

You and the music are my
One true love
Lord your love lifts me up

High above

You have a plan
Where i will stand
Come take my hand
And show me that i can
Woah oh yea yeah
Woah oh yea yeah

You are my one true love
You fill me
Delicate like a dove
You touch me
Feel the beat of my heart
You guide me
This songs about to start
You show me

Lord your love lifts me up
High above
You and the music are my
One true love
Woah oh yea yeah
You and the music are my
One true love
