It's Happened to Me

Gerry & The Pacemakers

People tell me that you can't find love
Or you'll never find your turtle dove
Don't believe a word of what they say
'Cause when I met you, my love
I knew, I knew it had happened to me
It's happened to me

You can tell by the way I walk
Or even tell it when I talk
And I'm so proud it's plain to see
'Cause when I met you, my love
I knew, I knew it had happened to me
It's happened to me

I don't mind telling everyone
That I'm proud to say you're my only one

So if they you tell you that you can't find love
Or you'll never find your turtle dove
Don't believe a word of what they say
'Cause when I met you, my love
I knew, I knew it had happened to me
It's happened to me

So if they you tell you that you can't find love
Or you'll never find your turtle dove
Don't believe a word of what they say
'Cause when I met you, my love
I knew, I knew it had happened to me
It's happened to me
It's happened to me
