NO MORE GAMES (spoken word)
music & lyrics by Jassniro
"The longer I live the more I realize the impact of attitude on life..Attitude to me is more important than facts..it is more important than the past , the education, the money, than circumstances, than failure,than successes,than what other people think or say or do..It is more important than appearance...it will make or break a company..The thing is we have a choice everyday regarding the attitude we will embrace for that day..we cannot change our past, we cannot change the fact that people will act in a certain way...No more games, no more games.....If only people have less desires there would be no sadness but happiness..if only people have compassions in their hearts,there would be no pain and heartaches..If only people have more faith and courage,there would be no failure but success..If only people have more patience and kindness,there would be no fights and crimes...If only people have love in their hearts,there would be no hates from others..If only people have more respects to their fellow men,there would be no insecurities that makes them pity themselves..if only people cares enough about life,our world is more blessed and peaceful..If only people just know how to love, no more tears from the broken hearts..If only I have the power to heal the world..but I am just a simple person who wish to have a simple world".
