

Take This Life

In Flames

We like so much, the pain
We're spoiling at the knife
Pretend that the picture is perfect
I cut myself to sleep
I close my eyes for a second
And meet the friendly soul
I scream to why I'm lonely
The echo calls my life

If I ever
If I never
Make me want to stand up for whatever
Make me say
Make me pay
Make me understand you're there for me

Take this life
I'm right here
Stay a while and breathe me in

Take this life
I'm right here
Stay a while and breathe me in

When it comes down to victory within me
I know that we're in for days
No time to play
Why do you think I called upon you to take me on
Whittle me down to pieces
Put me back, do it right this time
Fight with me until the selfish help
Burn my house until I end up with nothing

If I ever
If I never
Make me want to stand up for whatever
Make me say
Make me pay
Make me understand you're there for me

Take this life
I'm right here
Stay a while and breathe me in

Take this life
I'm right here
Stay a while and breathe me in

These thoughts burn a hole in my heart
These thoughts will keep me feeling

These thoughts burn a hole in my heart
These thoughts will keep me feeling

If I ever
If I never
Make me want to stand up for whatever
Make me say
Make me pay
Make me understand you're there for me

Take this life
I'm right here
Stay a while and breathe me in

Take this life
I'm right here
Stay a while and breathe me in
