Never Be Alone

Lilian

Don't be afraid
Help is on it's way
It comes from a man who's dressed all in white
I know you're strong, you'll be alright

I know it's easier said than done
I know it's hard caught in this storm
If you cannot find your way back home
Grab hold of my hand
You'll never be alone

If you feel weak, I'll be strong
If you let go, I'll hold on
When you need to cry, I swear I'll be there for you
To dry your weary eyes

I know it's easier said than done
I know it's hard caught in this storm
If you cannot find your way back home
Grab hold of my hand
You'll never be alone

I wish somehow I could save the day
But cancer doesn't discriminate
There is one thing that I will do
I will love you through

I know it's easier said than done
I know it's hard caught in this storm
If you cannot find your way back home
Grab hold of my hand
You'll never be alone

I know it's easier said than done
I know it's hard caught in this storm
If you cannot find your way back home
Grab hold of my hand
You'll never be alone.
