Jars

Downthesun

Hold onto chance
Lest we bleed ourselves
Save for the pets
They're the loneliest
Put into jars
We'll save this earth
Put into jars
We'll save this earth
We can't both become the same pawn that's made to fall
Oil that tastes like blood stole the summer scent
From me to you you're stabbing me through you
You're stabbing you through him and betting most of this world
We'll add enough of the world
Steal from yourselves
It never felt so good
And feed from their hand's
Confuse by opposites
Put into jars
We'll save this earth
Put into jars
Keep safe this earth
We can't both become the same pawn that's made to fall
Oil that tastes like blood stole the summer scent
From me to you you're stabbing me through you
You're stabbing you through him and betting most of this world
We'll add enough of the world
This world, we'll add enough of the world
Feeling manic for a day
Depends on the trends
Depends on the surface
If the sun never sets
We can't both become the same pawn that's made to fall
Oil that tastes like blood stole the summer scent
From me to you you're stabbing me through you
You're stabbing you through him and betting most of this world
We'll add enough of the world
Is the main thing you'll shout
Till the bitter end into jars
